viognier

TALKING POINTS

- A RARE EXAMPLE OF COOL-CLIMATE VIOGNIER THAT HIGHLIGHTS THE CHARACTERISTICS OF THIS VARIETAL IN NORTHERN RHÔNE.
- NOT A “TYPICAL” CALIFORNIA VIOGNIER
- THE EDNA VALLEY ENJOYS A TEMPERATE, LONG GROWING SEASON, MUCH LIKE THE MEDITERRANEAN-INFLUENCED RHONE VALLEY
- OWNERSHIP AND COMPLETE CONTROL OF VINEYARD FARMING DECISIONS AND TECHNIQUES LEADS TO ULTIMATE QUALITY WINEGRAPES
- HAS FLAVORS OF APRICOT, WHITE PEACH AND HINTS OF CITRUS; SPORTS A NICE, TIGHT, MINERAL STRUCTURE WITH HIGHER ACID
- VIOGNIER IS “THE” WHITE HOT RHÔNE VARIETAL
